### **Permission for Publication of student's photographs/work**

Redeemer Lutheran School maintains a website [www.redeemer-oakmont.org](http://www.redeemer-oakmont.org). The site is a means for communicating information and advertising our school. I understand that from time-to-time Redeemer Lutheran School may wish to publish examples of student projects, photographs of students, and other work on its website for these reasons. The website is a chance for students to have their work published and shared worldwide. This is a great way for out of town friends and relatives to keep in touch with the events at Redeemer Lutheran School and have a means to view and enjoy student work.

All student pictures and work published will be anonymous, or only the student's first name will be used to maintain privacy for that child. Parents will also be notified when their child's work or picture is published on the website through normal channels of communication.
